About Matsyacare

Matsyacare Pvt. Ltd. stands at the forefront of pharmaceutical manufacturing and animal nutrition in India. Our state-of-the-art manufacturing facilities, coupled with rigorous quality control processes, enable us to deliver products that meet the highest global standards.

From our GMP-certified production lines to our comprehensive distribution network, every aspect of our operations reflects our unwavering commitment to excellence. We serve healthcare institutions, veterinary professionals, and farming communities across India and international markets.

ISO and GMP standards strengthen our work efficiency through systematic manufacturing processes, quality control, and continuous improvement. We ensure consistency, compliance, and excellence across our operations.
